The Chemistry Department at Davidson College invites applications for a tenure-track position in Inorganic Chemistry at the Assistant Professor level beginning August 1, 2016. Consistently ranked among the nation's top liberal arts colleges, Davidson College is a highly selective, independent liberal arts college located in Davidson, North Carolina, close to the city of Charlotte. Davidson faculty enjoy a low student-faculty ratio, emphasis on and appreciation of excellence in teaching, and a collegial, respectful atmosphere that honors academic achievement and integrity. Candidates will be expected to teach introductory and advanced classroom and laboratory courses in inorganic chemistry and general chemistry, as well establish and maintain active scholarship with undergraduates.

Details regarding the chemistry program can be found on the department website (http://www.davidson.edu/academics/chemistry). Candidates must have a PhD in chemistry or a related field and a commitment to outstanding teaching and research with undergraduates; postdoctoral experience is preferred. Position inquiries may be directed to Cindy Hauser, Associate Professor and Chair of Chemistry, at cihauser@davidson.edu.

Candidates should complete an online application at http://jobs.davidson.edu. The following material is required: letter of application; curriculum vitae; three letters of reference; statements expressing the candidate’s teaching experience and research agenda; undergraduate and graduate school transcripts; and evidence of demonstrated or potential excellence in and enthusiasm for undergraduate teaching. The application deadline is October 10, 2015. Davidson is strongly committed to achieving excellence and cultural diversity and welcomes applications from women, members of minority groups, and others who would bring additional dimensions to the College's mission.
