Outstanding Undergraduate Research Award & Rock River ACS Undergraduate Research Award

A scholarship to support solid undergraduate chemistry majors with financial need.

Eligibility is restricted to seniors who, during their studies, have enrolled in at least one semester of CHEM 398, CHEM 498, CHEM 399H, CHEM 499H, or the Undergraduate Research Apprenticeship Program (URAP).

Requirements:

- Letter of application and a short description of the work you performed
- Letter of recommendation from the student’s research adviser
- Present your work in poster form on one of the department’s bulletin boards (See Oliver Hofstetter in FW 428 for help in setting up your poster)

ALL MATERIALS MUST BE SUBMITTED TO LINDA DAVIS (FARADAY 319) BY APRIL 1.
