Approval of Enrollment in a Master’s Research Course
(Econ 699A or Econ 699B)

This form must be completed prior to the first semester that a student enrolls in a Master’s Research Course. Once a student has begun work, it is expected that such work progresses each academic term and enrollment is continuously maintained until the completion of the research project and the final grade and evaluation are received. If there is a change in faculty advisor, a new form should be submitted to the Director of Graduate Studies.
