OLD BUSINESS (continued)

B. Update on outstanding policy issues

Estes talked about the out-of-state community college AA/AS transfer policy that would be equivalent to the Illinois community college AA/AS transfer policy. There has been progress in obtaining the information, many spreadsheets have been assembled and they are similar to the Illinois community college requirements but some have one less English class. Generally the content and structure is similar. He added that both ISU and SIU do accept AA/AS degrees from out-of-state community colleges. They will continue to gather information and bring the matter to the BC (Baccalaureate Council) in the fall.

Birberick indicated that work on the STAMP (the credit award for celebrating bilingualism) will continue when schedules can align for a meeting for further discussion and clarification. This will be worked on over the summer so that the information can be presented to the BC in the fall.
