COLLEGE MINUTES FOR DISCUSSION
Howell asked that the materials from CEET and CHHS be discussed first to accommodate the guests from those colleges.

College of Engineering and Engineering Technology #4
La France made a motion, seconded by James, TO APPROVE THE GRADUATE-LEVEL CURRICULAR ITEMS IN COLLEGE OF ENGINEERING AND ENGINEERING TECHNOLOGY #4 (10/13/17). Bond pointed out the Language/Research Tool Requirement of the Ph.D. proposal and noted that it can’t say “no foreign language requirements.” Peterson said this was modeled after the Physics Ph.D. It was suggested that this paragraph be deleted and students should refer to the foreign language/research tool requirement in the front of the catalog and Tahernezhadi and Peterson agreed. This paragraph will be deleted from the other Ph.D. proposals (see CEET #5 and CEET #6). Motion passed unanimously.

College of Engineering and Engineering Technology #5
La France made a motion, seconded by Wasonga, TO APPROVE THE GRADUATE-LEVEL CURRICULAR ITEMS IN COLLEGE OF ENGINEERING AND ENGINEERING TECHNOLOGY #5 (10/20/17). Bond asked about GRE requirements and why some applicants would need to take the test and others would not. Peterson replied that this is common practice where applicants with U.S. undergraduate and master’s degrees could have the GRE waived, but applicants with degrees from international institutions would be required to take the exam. Bond suggested they consider if this is really what they want to do. Tahernezhadi said they will submit revised language. When asked what is gained by having international
students take the GRE, Peterson replied that due to the ambiguity in their training, the GRE provides understating of candidates’ level of functionality, general logic, etc. Wasonga noted that there’s so much research that says the GRE is not a good predictor of success. Peterson replied that this is how it was handled at other institutions he has been at. Bond said it is acceptable as long as the college and department know it is a manual operation to waive the requirement for certain applicants. 

Motion passed unanimously.

College of Health and Human Sciences #7
La France made a motion, seconded by Mantzke, TO APPROVE THE GRADUATE-LEVEL CURRICULAR ITEMS IN COLLEGE OF HEALTH AND HUMAN SCIENCES #7 (10/20/17). The new M.S. in health sciences was discussed. This program would waive the GRE for applicants with a 3.25 GPA or higher from an accredited institution. Bond said to be sure to get the waivers entered on a timely basis. Henry said there is no specific rationale for why 3.25 was selected as the threshold. The college curriculum committee did discuss 3.0 versus 3.25. Motion passed unanimously.

College of Business #3
Mantzke made a motion, seconded by La France, TO APPROVE THE GRADUATE-LEVEL CURRICULAR ITEMS IN COLLEGE OF BUSINES #3 (10/11/17). Bond asked how MKTG 684 differs from MKTG 686. Howell said it is similar to how it is done in sport management. Bond said if it’s really a thesis course, it needs to be numbered 699. If not, “thesis” should be taken out of the title. It was suggested that the title for 684 be changed to “Capstone Digital Marketing Paper.” This would be parallel to the title for 686 (“Capstone Digital Marketing Project”). Mantzke said that she will inform the department and college. Motion passed unanimously.

College of Education #4
La France made a motion, seconded by Nordli, TO APPROVE THE GRADUATE-LEVEL CURRICULAR ITEMS IN COLLEGE OF EDUCATION #4 (10/17/17). New courses KNPE 711 and KNPE 712 were discussed. It was suggested that “doctoral” be removed from the titles. Other edits were suggested so that the titles will be: KNPE 711, Advanced Seminar in Kinesiology and Physical Education I, and KNPE 712, Advanced Seminar in Kinesiology and Physical Education II. Motion passed unanimously.

College of Education #5
LaFrance made a motion, seconded by Wasonga, TO APPROVE THE GRADUATE-LEVEL CURRICULAR ITEMS IN COLLEGE OF EDUCATION #5 (10/24/17). The changes for the certificate of graduate studies in Museum Studies were discussed. Mantzke noted that the credit hours don’t seem to add up correctly. There was a discussion regarding what the total should be, including what are the requirements for the internship section. Mantzke suggested that the sentence about internships in the first paragraph be moved. It was also suggested that the prerequisite hours be included in the total for the certificate. Smith will clarify with the program what exactly they are requiring. Also in these minutes, the Ed.D. in Adult and Higher Education is requesting an exemption from the GRE. This will be noted in the appropriate section in the front of the catalog. Motion passed unanimously with friendly amendments.

College of Liberal Arts and Sciences #16 (AY 16-17)
La France made a motion, seconded by Wasonga, TO APPROVE THE GRADUATE-LEVEL CURRICULAR ITEMS IN COLLEGE OF LIBERAL ARTS AND SCIENCES #16 (3/19/17). Motion passed unanimously.

Old Business

1. None.

New Business

1. None.

La France made a motion, seconded by Mantzke to adjourn. Motion passed by acclamation. The meeting adjourned at 11:05.

The next meeting of the Graduate Council Curriculum Committee is scheduled for February 12, 2018, 10:00, Conference Room 304, Lowden Hall.

Respectfully submitted,
Donna M. Smith, Catalog Editor/Curriculum Coordinator
